

*“At Patterson we do more than sell you product, we help you achieve the goals you have set for your practice”*

Patterson Dental Canada Inc. is a full service dental dealer that works exclusively with dentists, denturists and dental technicians. We provide personalized service to all our clients. Patterson Dental is the largest dealer of dental supplies in North America with 10 fully equipped branch offices in Canada.

At Patterson Dental we strive to develop personal relationships with all our clients; we currently have 10 sales representatives in the Edmonton area as well as 9 fully trained service technicians that provide technical service to all dentists in our territory.

Being a full service dealer enables us to supply everything you might require in order to conduct your day-to-day business. We have a distribution centre in Sherwood Park therefore we are able to supply product in a timely fashion.

Patterson Dental has both national and local designers who work exclusively with us to help create an environment that is both functional and up to date from a design point of view.

Please stop by and visit our “state of the art show room” and explore the possibilities.

Cyndi Stachniak:

As branch manager I work extensively with all our representatives and clients to ensure that Patterson can deliver all that is promised in the way of promotions, service and support for all the products we sell. My extensive background in the dental industry enables me to understand the challenges of running a dental office in today’s marketplace. Please feel free to contact me should you require any assistance with your day-to-day operations.

Murray Johnson:

Murray has worked in the dental environment for approx. 20 years. He currently is our Equipment Specialist and his years of experience and knowledge are unmatched in the industry. Murray works extensively with all our clients to bring the latest in dental technology to your office.

Ross Beaulieu:

Ross brings 18 years of experience from the service industry to Patterson Dental. As Service Manager Ross plays an integral role in ensuring that all our clients receive the most dependable service in the dental industry. He currently oversees the work of 8 service technicians and manages the department to ensure that all Maintenance Agreement Clients receive service in a timely fashion
